## Pict & Mix

We have been working to find ways to promote our area. Back in 2019, we collaborated with 3rd-year BA (Hons) Visual Communication & Design students at the Inverness College UHI campus. This included showcasing their ideas on branding for our community, by designing a flyer and website, and presenting to members of the Trust.

Fast-forward to the present, our team have been coordinating with various community representatives from across the district, to help create a brand 'DNA.'

We are currently aiming for launch by the end of October- and we want your input on a new brand identity for the district.

Your chance to have your say is coming soon- so keep an eye on our social media and in your local area!
